**If you want to inspire young people to fulfil their potential, then  
we want to hear from you!**

Freman College, as part of the North Herts Consortium of Schools, invites you to apply for its School Direct teacher training programme.

Open to new graduates and career changers, the scheme offers talented individuals the chance to be part of a teaching team from day one by combining teacher training with on the job learning.

Successful candidates may be eligible for tax free bursaries of up to £25,000 - or a salary - as well as the chance to train alongside experienced teachers in one of the best schools in the country.

We are looking for applications from people who have the potential to be excellent teachers.

The consortium has opportunities available in English, Maths, Science, Modern Foreign Languages, History, Geography, Business Studies, Computer Science, Music, RE, PE, Art and D&T. Many of these would be based here at Freman College, although some are at other local secondary schools.
