

Standon Parish Neighbourhood Development Plan.

Dear Parents

The much heralded Neighbourhood Plan Questionnaire is now ready and will be sent to every home in the area in the next few days. If you prefer you can access the survey on line at the web site, www.SPNDP.org. It is very simple to complete and submit on-line.

Please help and support the work of the Neighbourhood Plan Group who are giving their time and effort to the scheme freely with the single aim of ensuring the village and surrounding area develop in a controlled and beneficial way to us the local residents and preserve as much as possible the lovely spirit of community enjoyed between us all. The survey includes questions concerning village life, its environment, facilities, roads and housing. It's easy to understand and simple to complete. It is also entirely anonymous and your response will not be passed to any other organisation.

If each household can spend a few minutes filling in the survey and return it by September 28th 2015 it will be a huge help to us. It will give us clear information from the local population about how the majority want the Parish to progress over the next 15 years. The results of the survey will form the basis of our draft Neighbourhood plan so your response is vital.

The paper copy of the questionnaire will arrive in the post shortly and will have a post paid return envelope so helping us will cost you nothing except your time. As mentioned above if you find it easier please use the on-line option.

Thank you so much for your help.

SPNDP.
