## PREVENTING EXTREMISM AND RADICALISATION POLICY 2018 - 2019

### 1. Introduction

Ralph Sadleir School is fully committed to safeguarding and promoting the welfare of all of its pupils. As a school we recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability. All adults at Ralph Sadleir recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not.

In adhering to this policy, and the procedures therein, staff and visitors will contribute to Ralph Sadleir's delivery of the outcomes to all children, as set out in s10 (2) of the Children Act 2004\*. This Preventing Extremism and Radicalisation Policy is one element within our overall school arrangements to Safeguard and Promote the Welfare of all Children in line with our statutory duties set out at s175 of the Education Act 2002 (s157 of the Education Act 2002). Schools have a new statutory duty from 1st July 2015 to have due regard to the need to prevent people being drawn into terrorism.

This Policy and the school's practice and procedures take into consideration the recommendations made in 'Learning Together to be Safe' (DCSF2008).

The Counter Terrorism and Security Act 2015 was published on 12th March 2015. Section 26 of the Act places a duty on schools in England (and Wales) to prevent people being drawn into terrorism. This duty applies to all schools, whether publicly-funded or independent, and organisations covered by the Early Years Foundation Stage framework. Statutory guidance has been published. See Appendix 1.

### 2. Definition and Indicators

Radicalisation is defined as the act or process of making a person more radical or favouring of extreme of fundamental changes in political, economic or social conditions, institutions or habits of mind.

Extremism is defined as the holding of extreme political or religious views.

### 3. Ethos and Practice

When operating this policy Ralph Sadleir School uses the following accepted Governmental definition of extremism which is:

'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'.

There is no place for extremist views of any kind in our school, whether from internal sources — students, staff or governors, or external sources - school community, external agencies or individuals. Our students see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this — we have a duty to ensure this happens.

*Proud to Achieve*

Staff have undertaken WRAP training and will continue to be given updates by the DSP and further training as and when necessary.

As a school we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this policy. We also recognise that if we fail to challenge extremist views we are failing to protect our students.

Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills and critical thinking, to challenge and debate in an informed way.

Therefore, at Ralph Sadleir School we will provide a broad and balanced curriculum, delivered by skilled professionals, so that our students are enriched, understand and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.

Furthermore, at Ralph Sadleir we are aware that young people can be exposed to extremist influences or prejudiced views from an early age which emanate from a variety of sources and media, including via the internet, and at times students may themselves reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language.

Any prejudice, discrimination or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Behaviour and Discipline Policy for students and the Code of Conduct for staff. Where misconduct by a teacher is proven the matter will be referred to the National College for Teaching and Leadership for their consideration as to whether to a Prohibition Order is warranted.

As part of wider safeguarding responsibilities school staff will be alert to:

- Disclosures by students of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where students have not actively sought these out;
- Graffiti symbols, writing or art work promoting extremist messages or images;
- Students accessing extremist material online, including through social networking sites;
- Parental reports of changes in behaviour, friendship or actions and requests for assistance;
- Partner schools, local authority services, police reports of issues affecting students in other schools or settings;
- Students voicing opinions drawn from extremist ideologies and narratives;
- Use of extremist or 'hate' terms to exclude others or incite violence;
- Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture;
- Attempts to impose extremist views or practices on others;
- Anti-western or Anti-British views.

Our school will closely follow any locally agreed procedure as set out by the Local Authority and Safeguarding Children Board's agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation.

At Ralph Sadleir School, we have determined "British Values" to be:

- Democracy
- The rule of law
- Individual liberty

- Mutual respect
- Tolerance of those with different faiths and beliefs

As a school we aim to develop and nurture these by:

- Planning a vibrant, engaging Assembly programme with core ethical values and beliefs at its heart
- A well-structured Personal, Social, Health and Citizenship education programme which addresses all of the requirements of the programmes of study (looking at Democracy, Freedom, the rule of law, Human Rights and responsibilities)
- A strong Religious Studies and Ethics programme at every Key Stage
- Effective and well-managed School Council enabling students to actively participate in the democratic process
- A broad and balanced curriculum which addresses many of these core values across a range of subject areas
- Having a clearly communicated and consistently applied Behaviour Policy so that students understand what is expected of them and the consequences of both meeting and failing to meet these expectations
- A Code of Conduct which is regularly referred to and communicated with students, reiterating that we are a school community built on mutual respect and understanding
- Adopting restorative approaches, where possible, to resolve any difficulties between members of our school community
- Having a rigorous commitment to student safety (for example: trips and visits policy and procedures, Safeguarding procedures, Code of Conduct and Health and Safety procedures).

#### **4. Teaching Approaches**

We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences. In our school this will be achieved by good teaching, primarily via PSHE; but also by adopting the methods outlined in the Government's guidance 'Teaching approaches that help build resilience to extremism among young people' DfE 2011.

We will ensure that all of our teaching approaches help our students build resilience to extremism and give students a positive sense of identity through the development of critical thinking skills. We will ensure that all of our staff are equipped to recognise extremism and are skilled and confident enough to challenge it.

We will be flexible enough to adapt our teaching approaches, as appropriate, so as to address specific issues so as to become even more relevant to the current issues of extremism and radicalisation. In doing so we will apply the 'key ingredients' for success as set out in the Table in Appendix 1 taken from the DfE document (2011) above and we will apply the methodologies set out in that document following the three broad categories of:

- Making a connection with young people through good teaching and a student centered approach;
- Facilitating a 'safe space' for dialogue, and
- Equipping our students with the appropriate skills, knowledge, understanding and awareness for resilience.

Therefore this approach will be embedded within the ethos of our school so that students know and understand what safe and acceptable behaviour is in the context of extremism and radicalisation. This will work in conjunction with our school's approach to the Spiritual, Moral, Social and Cultural development of students as defined in OfSTED's School Inspection Handbook and will include the sound use of assemblies to help further promote this rounded development of our students.

Our goal is to build mutual respect and understanding and to promote the use of dialogue not violence as a form of conflict resolution. We will achieve this by using a curriculum that includes:

- Citizenship programmes;
- Open discussion and debate;
- Work on anti-violence and a restorative approach addressed throughout curriculum and the behaviour policy;
- Focused educational programmes.

We will also work with local partners, families and communities in our efforts to ensure our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our students' experiences and horizons.

We will help support students who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a student is being directly affected by extremist materials or influences we will ensure that that student is offered mentoring. Additionally in such instances our school will seek external support from the Local Authority and/or local partnership structures working to prevent extremism.

At Ralph Sadleir School we will promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage students to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our students safe and prepare them for life in modern multi-cultural Britain and globally.

## **5. Use of External Agencies and Speakers**

At Ralph Sadleir School we encourage the use of external agencies or speakers to enrich the experiences of our students, however we will positively vet those external agencies, individuals or speakers who we engage to provide such learning opportunities or experiences for our students.

These external agencies will be vetted to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in complete opposition to, the school's values and ethos. We must be aware that in some instances the work of external agencies may not directly be connected with the rest of the school curriculum so we need to ensure that this work is of benefit to students.

Our school will assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to students are consistent with the ethos of the school and do not marginalise any communities, groups or individuals;
- Any messages do not seek to glorify criminal activity or violent extremism or seek to radicalise students through extreme or narrow views of faith, religion or culture or other ideologies;
- Activities are properly embedded in the curriculum and clearly mapped to schemes of work to avoid contradictory messages or duplication;
- Activities are matched to the needs of students;
- Activities are carefully evaluated by schools to ensure that they are effective.

We recognise, however, that the ethos of our school is to encourage students to understand opposing views and ideologies, appropriate to their age, understanding and abilities, and to be able to actively engage with them in informed debate, and we may use external agencies or speakers to facilitate and support this.

Therefore by delivering a broad and balanced curriculum and enrichment programme augmented by the use of external sources where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

## **6. Whistleblowing**

Where there are concerns of extremism or radicalisation Students, Staff and Governors will be encouraged to make use of our internal systems to Whistle Blow or raise any issue in confidence.

They must inform the Headteacher straight away (or if it relates to the Headteacher inform the Chair of Governors).

A Prevent referral form is available in the staffroom, from the DSP or on the Staff Drive.

## **7. Safeguarding**

Please refer to our Safeguarding Policy for the full procedural framework on our Safeguarding and Child Protection duties.

Staff at Ralph Sadleir School will be alert to the fact that whilst Extremism and Radicalisation is broadly a safeguarding issue there may be some instances where a child or children may be at direct risk of harm or neglect. For example; this could be due to a child displaying risky behaviours in terms of the activities they are involved in or the groups they are associated with or staff may be aware of information about a child's family that may equally place a child at risk of harm. (These examples are for illustration and are not definitive or exhaustive).

Therefore, all adults working in Ralph Sadleir (including visiting staff, volunteers' contractors, and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to the Designated Safeguarding Lead or Headteacher.

In Ralph Sadleir School our Safeguarding reporting arrangements are set out fully in our Safeguarding Policy.

The Lead Designated Safeguarding Person is: Mr D Spong (Headteacher)

The Deputy Designated Safeguarding Persons are: Mr R Fuller (Deputy Headteacher) and Miss C Dobson (SEMH Lead)

The Designated Safeguarding Lead works in line with the responsibilities as set out at Annex B of the DfE Guidance 'Keeping Children Safe in Education' which is detailed in the Safeguarding Policy.

## **8. Role of Governing Body**

The Governing Body has a zero tolerance approach to extremist behaviour for all community members. We rely on our strong values to steer our work and ensure the pastoral care of our pupils protects them from exposure to negative influences.

The Governing Body of our School will undertake appropriate training to ensure that they are clear about their role and the parameters of their responsibilities as Governors, including their statutory safeguarding duties.

The Governing Body of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education, March 2015' the governing body will challenge the school's senior management team on the delivery of this policy and monitor its effectiveness.

### 9. The Office for Security & Counter Terrorism

The Office for Security & Counter Terrorism works to counter the threat from terrorism and their work is detailed in the counter terrorism strategy CONTEST. This strategy is based on four areas of work:

- Pursue - To stop terrorist attacks
- Prevent - To stop people becoming terrorists or supporting terrorism
- Protect - To strengthen our protection against a terrorist attack
- Prepare - To mitigate the impact of a terrorist attack

Our role, as a school, is outlined more specifically in the DCSF document 'Learning together to be safe: A toolkit to help schools contribute to the prevention of violent extremism.' Primarily our work will be concerned with PREVENTION and is outlined more specifically in the DCSF document 'Learning together to be safe: A toolkit to help schools contribute to the prevention of violent extremism.'
