

Ralph Sadleir School

Self-Harming Procedures

This policy applies to all pupils and staff of Ralph Sadleir School.

1. Introduction

1.1 This document describes the school's approach to self-harm. This procedure is intended as guidance for all staff including non-teaching staff and governors. It forms part of the school's Safeguarding group of policies. It should be read in conjunction with these.

2. Aim

2.1 The overall aim is to ensure that staff are able to recognise and act swiftly and appropriately to all cases of pupil self-harm.

3. Objectives

- To increase understanding and awareness of self-harm
- To alert staff to warning signs and risk factors
- To provide support to staff dealing with pupils who self-harm
- To provide support to the pupils

4. Definition of Self-Harm

4.1 Self-harm is any behaviour where the intent is to deliberately cause harm to one's own body for example:

- Cutting, scratching, scraping or picking skin
- Swallowing inedible objects
- Taking an overdose of prescription or non-prescription drugs
- Swallowing hazardous materials or substances
- Burning or scalding
- Hair-pulling
- Banging or hitting the head or other parts of the body
- Scouring or scrubbing the body excessively
- Control of eating patterns, e.g. anorexia, bulimia, over-eating
- Indulging in risky sexual behaviour
- Destructive use of alcohol/drugs

5. Risk Factors

5.1 The following risk factors, particularly in combination, may make a young person particularly vulnerable to self-harm:

5.2 Individual Factors:

- Depression/anxiety
- Poor communication skills

Proud to Achieve

- Hopelessness
- Impulsivity
- Drug or alcohol abuse
- Social media pressure

5.3 Family Factors:

- Unreasonable expectations
- Neglect or physical, sexual or emotional abuse
- Poor parental relationships and arguments
- Depression, self-harm or suicide in the family
- Recent trauma e.g. death of a relative, parental divorce

5.4 Social Factors

- Difficulty in making relationships/loneliness
- Being bullied or rejected by peers

6. Further help websites

6.1 Papyrus, 0800 068 4141, www.papyrus-uk.org

Papyrus offers a helpline to give support, practical advice and information to anyone who is concerned that a young person may be suicidal.

6.2 National Self-Harm Network, www.nshn.co.uk

Support for people who self-harm. Provides free information pack to service users.

6.3 Young Minds, <https://youngminds.org.uk/>

Young Minds is a consultancy and training service for leaders and front line workers across the children's mental health system. They apply their professional experience, together with participation and a whole-systems approach to drive improvement across young people's mental health and help achieve the best possible outcomes for children and their families who need mental health support.

6.4 Childline, 0800 1111

Provides a free national helpline for young people, free confidential advice on a range of problems.

6.5 Samaritans, 0845 790 9090, jo@samaritans.org

A telephone helpline and email service for anyone who is feeling upset, worried or suicidal.

6.6 NHS Direct, 0845 4647

A helpline with health advice provided by NHS nurses.

7. Suicide

7.1 While self-harm and suicide are separate, those who self-harm are in emotional distress and those who end their lives are also in emotional distress. It is vital that all emotional distress is taken seriously to minimise the chances of self-harm and suicide. All talk of suicide and warning signs must be taken extremely seriously. If a pupil expresses a wish to end their life or has suicidal thoughts, the member of staff must:

- Inform the school's Designated Safeguarding Lead (DSL) immediately.
- The DSL will speak with the pupil about their suicidal thoughts and feelings.

- The DSL will contact a parent/carer to inform them of the situation and could ask that they collect the pupil and take them to the hospital. Onsite at the hospital is a Child Mental Health worker, once the pupil arrives and their parent/carer informs the hospital of the situation, the Child Mental Health worker will assess the pupil and deal with the matter.
- At no time should the pupil be left unsupervised and reassurance should be given that support will be put into place for them.
- At the school, close monitoring strategies should be put into place.
- It is likely that the hospital will refer to Child and Adolescent Mental Health Services (CAMHS); however, this should be checked by the DSL and if this has not been done, a referral should be submitted as soon as possible.

8. Roles and responsibilities:

8.1 The Head will:

- Appoint a Designated Safeguarding Lead (DSL) to be responsible for self-harm matters, and liaise with them. Deputy Safeguarding Lead can perform this function where the DSL is unavailable.

8.2 All staff and teachers are expected to:

- Listen to pupils in emotional distress calmly and in a non-judgemental way
- Report self-harm to the Designated Safeguarding Lead
- Be clear of the timescale in which this is expected e.g. as quickly as possible
- Not make promises (e.g. assuring confidentiality) which cannot be kept
- Reassure pupils that in order to seek health and happiness, people need to know about their problems so that they can help
- Guide pupils towards seeking health and happiness
- Promote problem-solving techniques and non-harmful ways to deal with emotional distress
- Enable pupils to find places for help and support
- Widen their own knowledge about self-harm and mental health disorders
- Be aware of health and safety issues such as first aid and clearing up if a self-harm incident takes place at school

8.3 The Designated Safeguarding Lead will:

- Keep records of self-injury incidents and concerns
- Follow the procedures in place for a pupil who is expressing suicidal thoughts/feelings
- Liaise with multi-agencies about help available for people who self-harm
- Keep up-to-date information about self-harm
- Liaise with the Headteacher
- Contact the parent/carer and arrange a suitable meeting; involve the pupil in this process where appropriate or beneficial
- Know when people e.g. parents/carers, social workers, Educational Psychologists need to be informed
- Inform the parents/carers about appropriate help and support for their child which is available
- Monitor the pupil's progress following an incident
- Know when to seek help to deal with their own feelings and distress

9. Warning Signs

9.1 School staff may become aware of warning signs which indicate a pupil is experiencing difficulties that may lead to thoughts of self-harm or suicide. These warning signs should **always** be taken seriously

and staff observing any of these warning signs should seek further advice from the Designated Safeguarding Lead.

9.2 Possible warning signs include:

- Changes in eating/sleeping habits (e.g. pupil may appear overly tired if not sleeping well)
- Increased isolation from friends or family, becoming socially withdrawn
- Changes in activity and mood e.g. more aggressive or introverted than usual
- Lowering of academic achievement
- Talking or joking about self-harm or suicide
- Abusing drugs or alcohol
- Expressing feelings of failure, uselessness or loss of hope

10. Staff roles in working with pupils who self-harm

10.1 Pupils may choose to confide in a member of school staff if they are concerned about their own welfare, or that of a peer. School staff may experience a range of feelings in response to self-harm in a pupil such as anger, sadness, shock, disbelief, guilt, helplessness, disgust and rejection. However, in order to offer the best possible help to pupils it is important to try and maintain a supportive and open attitude – a pupil who has chosen to discuss their concerns with a member of school staff is showing a considerable amount of courage and trust.

10.2 Pupils need to be made aware that it may not be possible for staff to offer complete confidentiality. **If you consider a pupil is at serious risk of harming themselves then confidentiality cannot be kept.** It is important not to make promises of confidentiality that cannot be kept even if a pupil puts pressure on you to do so.

10.3 Any member of staff who is aware of a pupil engaging in or suspected to be at risk of engaging in self-harm should consult the Designated Safeguarding Lead immediately.

10.4 Following the report, the Designated Safeguarding Lead will decide on the appropriate course of action. This may include:

- Contacting parents/carers
- Arranging professional assistance e.g. doctor, nurse, children's social services
- Immediately removing the pupil from lessons if their remaining in class is likely to cause further distress to themselves or their peers
- **In the case of an acutely distressed pupil, the immediate safety of the pupil is paramount and an adult should remain with the pupil at all times**
- **If a pupil has self-harmed in school the First Aider should be called for immediate help**

11. Further considerations

11.1 Any meetings with a pupil, their parents/carers or their peers regarding self-harm should be recorded in writing, including:

- Dates and times
- An action plan
- Concerns raised
- Details of anyone else who has been informed

11.2 This information should be stored securely with the DSL.

11.3 It is important to encourage pupils to let you know if one of their group is in trouble, upset or showing signs of self-harming. Friends can worry about betraying confidences so they need to know that self-harm can be very dangerous and that by seeking help and advice for a friend they are taking responsible action and being a good friend. They should also be aware that their friend will be treated in a caring and supportive manner.

11.4 The peer group of a young person who self-harms may value the opportunity to talk to a member of staff either individually or in a small group. Any member of staff wishing for further advice on this should consult the Designated Safeguarding Lead. When a young person is self-harming it is important to be vigilant in case close contacts with the individual are also self-harming. Occasionally, schools discover that a number of pupils in the same peer group are harming themselves.

11.5 In line with our Positive Behaviour and Restorative Practice Policy and with the support of the school, pupils will be expected to:

- Not display open wounds/injuries; these must be appropriately dressed
- Talk to appropriate staff members if they are in emotional distress
- Alert a teacher if they suspect a fellow pupil of being suicidal or at serious risk or harm to themselves.
